### **Message from the President:**

I am Yuji Takekawa, the new President of Regal Corporation. Please allow me to express my sincere gratitude to you all for your continued support.

For many years, we have been proposing new value through footwear to enhance the life culture of our customers. Footwear is an important item and an indispensable element of human life. Our commitment to providing this important item is expressed in Regal’s brand concept: “The pride to share.” Our desire to “share our pride with our customers” remains the same, even as times continue to change.

However, the environment around us has changed significantly. The market today are full of people wearing sports shoes and casual shoes. The fashion trend have changed greatly in the business scene too where our main products are used.

Until now, we have focused on “tradition and history” while advocating “tradition and innovation” and “history and evolution.”

Going forward, we will more focus on “innovation and evolution” in a well-balanced manner, and will pursue transformation with a sense of urgency in processes ranging from planning and development to manufacturing and sales.

We look forward to your continued support and patronage.
